

### **WOCEE and WOSAS 2024: Entering a New Age of Technology**

Worldbex Services International (WSI) returns to bring you a celebration of innovation and technology like no other with two events happening at the same time. The World of Consumer Electronics Expo 2024 (WOCEE) and the World of Safety and Security Expo 2024 (WOSAS) are now open at the SMX Convention Center Manila!

From August 7 to 10, visitors may come to the venue and experience the technological advancements that are making big rounds in the country! There are two events simultaneously running to highlight these advancements. WOCEE 2024 will focus on the advancements of technology through electronics. This event will explore the untapped potential of technology and its evolving state. In line with this, there will be new activities, topics, and even zones to showcase these new initiatives: this year's Tech Talk seminars will include topics related to AI and Bitcoin. Meanwhile, our latest addition to WOCEE is the Gamers' Den, a place for gamers and competitive e-sports players to hang out and share their love of competitive gaming through friendly competitions. WOSAS 2024 focuses on the security industry and the latest developments related to safety and protection. The different government offices of the Philippines are present to help promote their protection and services through their exhibits and SecuCon, a series of seminars that delve into topics related to security and how it has adapted into the "new normal".

Gracing the opening ceremony for these events today at the SMX Convention Center Manila were Mayor Imelda Calixto-Rubiano, represented by the Chief of Staff, Peter Eric Pardo; Hon Sec. Ivan John Uy, Department of Information and Communications Technology; H.E. Nasser Said Abdullah Al Manwari, Embassy of Oman; H.E. Dato' Abdul Malik Melvin Castelino, Embassy of Malaysia; Mr. Michael Co, Managing Director of VTECO Computer Solutions Inc, and Mr. John Eric Alviz, VP and Head for Enterprise and International Marketing for PLDT Enterprise.

WSI believes that these two events will help bring forth the future of technology in the palm of your hands, and is excited to showcase what is in store for everyone. Come see innovation at its finest when you visit WOCEE 2024 and WOSAS 2024, which opens today until August 10, 2024, from 10 AM to 7 PM, at the SMX Convention Center.

WOCEE 2024 and WOSAS 2024 are events organized by Worldbex Services International. For inquiries and concerns, you may reach them at (02)8656-96-29, or email at [inquire@worldbexevents.com](mailto:inquire@worldbexevents.com) for more info.
